★ Top three bars

Tazmania Ballroom for an international-style nightclub full of Hong Kong’s glamorous; Aqua for a wicked view and sophisticated world vibe; Woolloomooloo Wan Chai for rooftop drinks where you can smell Hong Kong smouldering around you.

★ Best day trip from the city

Lunch at Po Toi Island, where fresh seafood’s consumed with your hands right on the beach. Accessible only by boat, this is old-school Hong Kong. You’ll feel like you’re in a James Clavell novel.

★ Best place to stay

Upper House at Pacific Place is ultra cool and classy. This is everything a discerning, well-heeled traveller seeks and you don’t have to suffer the cookie-cutter approach of a branded five-star property.

★ Best local art gallery or artist

Hong Kong’s award-winning Stanley Wong (aka Anothermountainman), who is best known for his red, blue and white works.

★ Unique tourism experience

Rent a sampan and tour around Aberdeen Harbour.

★ Best day trip from the city

Bedugul. It’s in the mountains so it’s a nice change of scenery, with lots of greenery and calming lakes, and you can cool off from the heat too.

★ Best place for outdoor exercise

On the beach, facing east, doing yoga as the sun rises — what a way for the body to say “hello, day”.

★ Best local dish

Soto ayam. Why? It is as tasty and comforting as mom’s homemade chicken noodle soup but with a spicy kick to the finish.

★ Where to take the kids

Waterbom waterpark in Kuta, which has over 17 twisty waterslides and exciting rides. They’ll love it so much and they’ll spend all day climbing and sliding. As a bonus, they’ll sleep well later at night.

★ Must-have souvenir

Coconut coasters and bamboo placemats so that when you get home, you will remember Bali each time you eat. It’ll bring on a warm and fuzzy sensation.

★ Best coffee

Kopi luwak, made from coffee beans that have been digested by a civet cat. Have I tried it? Of course!
